River's Edge Skatepark Update

I want to thank the community for attending our first skatepark town hall on March 9th. It was well attended, with over 25 residents, including our youth, taking part in the conversation. I would also like to thank Falls City Elementary School for allowing me an opportunity to speak with the middle school students about their involvement in the project.

At the conclusion of the town hall, we had an opportunity for residents to sign up for our steering committee, fundraising committee, and public relations committee. I want to thank those of you who signed up for one of the committees, as it is very important to have as many people involved in this process.

April 6th at 6 PM is our next meeting. Those who signed up for a committee should attend as we will be discussing the next steps in the process, as well as recent developments. I would also like to invite anyone in the community to attend.

This is an exciting time for all of us as we develop a much-needed multi-use skatepark for our community. If you have any questions, please email me at mayor@fallscityoregon.gov.

I look forward to seeing you April 6th at the Community Center.

Willamette Valley Fiber/MiNET

Please use the QR codes on this page to access the Willamette Valley Fiber/MiNET survey.

WVF/MiNET representatives will be handing out flyers and answering questions over the next few weeks. This will be done in the form of door-to-door communication.

**WILLAMETTE
VALLEY FIBER**

Willamette Valley Fiber in coordination with your Polk County Commissioners are researching the possibility of bringing fiber to the home internet service to your town.

For the first time Falls City could have access to a fiber to the home service with synchronous

SPEEDS UP TO ONE GIG.
